Dear Mr. Barensfeld:

Admiral Turner has asked me to thank you for your kind invitation for him to address the Baldwin-Wallace Business and Industry dinner in Berea, Ohio. Unfortunately, because of press of business no trips are scheduled to your area for the foreseeable future.

The Admiral appreciates your thinking of him, however, and wishes you all the best for a successful dinner.

Dear Bob,

As I indicated to you by phone yesterday, Jim asked that I respond to your request for information regarding the M.B.A. dinner program for which you are contacting Stansfield Turner as a potential speaker.

We have called this the Business/Industry Dinner, and speakers have included Charles E. Spahr, retired Chairman of the Board of Sohio; Jacob O. Kamm, Chairman of the Board of Cleveland Quarries; Hays T. Watkins, Chairman and Chief Operating Officer of The Chessie System; Theo Moll, Chairman of the Executive Committee, MTD Products Inc.; and Claude M. Blair, Chairman of the Board, National City Corporation. It is usually held at a nearby off-campus location where 300 to 400 people can be accommodated.

The list of invitees will include members of the B-W Board of Trustees and the College's Business Advisory Council listed on the attached pages; currently enrolled M.B.A. and Executive M.B.A. students as well as alumni of both programs; B-W graduates with a business major who live in Ohio; members of the faculty and staff; and other prominent leaders in the Northeast Ohio business community.

I've included a couple of the earlier invitations and programs for these dinners. If I can help further, please let me know.

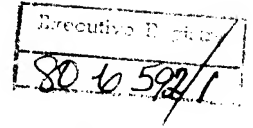

We appreciate your assistance in contacting Mr. Turner and look forward to hearing more about him.

Sincerely,

STAT

Please excuse the delay in my reply to your request for a list of attendees at the Baldwin-Wallace Business & Industry dinner, but I just received it today from the College and enclose a copy for your consideration.

As you can see from the enclosed correspondence, members of the Board of Directors, the College's Business Advisory Council, as well as the graduate students at the College and alumni members are invited. I really appreciate your efforts to help us in recruiting Admiral Turner as our possible speaker. We understand clearly the great demands there are on his time.

We hope you have good luck and look forward to your reply.

Warm personal regards,
